## **1. Purpose / situation**

The report provides the Knowledge, Research and Information Committee with an update on the status of the policies, procedures and other written control documents (policies) for which it is the approving body.

**Appendix 1** is an extract taken from the central Policy and Control Document Register and shows the status of documents as at 29 November 2022.

## **2. Background**

The Board approved a new organisation-wide Policy and Written Control Documents Policy and Procedure in July 2022. All new/revised documents are now developed and approved in accordance with the provisions and processes set out in these documents.

The procedure specifies that the Register will be reported annually to the Board, and the relevant sections reported to Board committees Bi-Annually. This provides the Board and Committees with assurance that required policies, procedures and other written control documents are being developed and maintained.

The Business Executive Team Meeting consider a compliance report on a quarterly basis.

For all of the policies due for review, the decision updates are provided within appendix 1.

The Committee is asked to note that the one overdue policy is rated as 'medium risk' to the organisation but remains current pending development of the document. The Executive colleague responsible for the policy due for review is aware and taking active steps to ensure it is reviewed and appropriate approval sought.
