The Agreement sets out appropriate governance and reporting arrangements for the Hosted Unit. The Agreement is intended to ensure that hosting arrangements are clear and transparent and that the rights and obligations of all parties to this Agreement are documented and agreed.

The Hosted Unit shall comply with its responsibilities and obligations under this Agreement via a Declaration of Compliance (template attached at Appendix A).

The Hosted Unit will at all times operate within the regulatory and governance framework of the Host Organisation and will provide assurance of such compliance in accordance with the assurance schedule at Appendix C to this Agreement. Any such agreements will be entered into under the name of the host organisation as the legal entity.

In meeting its hosting obligations, the Host Organisation shall not be required to in any way act outside its statutory powers, duties, Standing Orders, Standing Financial Instructions or governance and legal obligations.

Welsh Government undertakes to indemnify the Host Organisation for any liability, losses, costs, expenses and claims (including all reasonable legal costs and expenses agreed in liaison with Welsh Government), that might arise in relation to the Hosted Unit's responsibilities as set out in this Agreement at section 6.3 (a) to (i) including the management of financial resources and in discharging its duties associated with the hosting arrangements and it will hold the Host Organisation harmless in respect of any claims whatsoever made by any third party arising out of the operations of the Hosted Unit ('operations' meaning the exercise of the Hosted Unit Functions). The management of any such claim will be undertaken by the Host Organisation, in conjunction with relevant input from the Hosted Unit and in liaison with Welsh Government. The Host Organisation shall immediately notify Welsh Government if any such claim or demand is made, or action brought against the Host Organisation. The Host Organisation shall, in liaison with the Managing Director (Responsible Officer), consult with Welsh Government on all substantive issues which arise during the conduct of such litigation and negotiations and shall in such conduct take due and proper account of the interests of Welsh Government. Welsh Government shall afford to the Host Organisation all reasonable assistance for the purpose of contesting any such claim or demand or action brought.

However, Welsh Government does not undertake to indemnify the Host Organisation for any liability, losses, costs, expenses and claims that arise as a result of the Host Organisation not meeting its hosting duties (as detailed in this Agreement, at sections 6.1 and 6.2). The Host Organisation is accountable for such claims and responsible for the management of such claims.

If any party receives any formal inquiry, complaint, claim or threat of action from a third party (including, but not limited to, claims made by a supplier or requests for information made under the Freedom of Information Act 2000) in relation to hosting, the matter shall be promptly referred to the Accountable Officer and the Responsible Officer (or their nominated representatives). No action shall be taken in response to any inquiry, complaint, claim or action, to the extent that such response would adversely affect hosting, without prior involvement and discussion between them (or their nominated representatives).

Also refer to section 11, 'Disputes and matters not covered by this Agreement'.

## **6.2 The responsibilities of the Host Organisation**

The Host Organisation shall be responsible for providing the services and facilities in this Agreement (the further details of which are set out in Appendix D) to enable the smooth running of the Hosted Unit. In general, unless otherwise specified, these services and facilities will be equivalent to those provided to teams and services directly managed by the Host Organisation. The services and facilities provided to the Hosted Unit are funded by the annual levy (see section 7.6).

Where a need for the provision of additional services or facilities by the Host Organisation (not covered by this Agreement) is identified by either the Host Organisation or the Hosted Unit, this will initially be discussed between the operational contacts (section 5.4). Where the identified need cannot be met from within existing resources, a proposal, prepared by either the Host Organisation or the Hosted Unit, will be set out in a business case for consideration by the Managing Director which in turn will make a recommendation to the Chief Executive NHS Wales / Director General HSCEY. If the recommendation is agreed by the Chief Executive NHS Wales / Director General HSCEY, such services or facilities are to be funded in accordance with section 7.6 of this Agreement

In summary, the services and facilities to be provided by the Host Organisation include:

### **(a) Human Resources/Workforce**

Comprehensive human resources services, including but not limited to access to support and advice; recruitment and selection support; ESR; payroll and expenses services; occupational health services; statutory and mandatory training; health, safety and welfare services, salary sacrifice schemes.

The Host Organisation will act as the employing body for all directly employed and seconded NHS staff within the Hosted Unit. As such, Hosted Unit staff will be employees of the Host Organisation and will abide by the Host Organisation's Policies, Procedures and Guidance and will be entitled to be treated as any other employee of the Host Organisation and have the benefit of all applicable policies and procedures. This includes any Welsh Government recruitment principles that apply to NHS bodies.

The Host Organisation will, also, appoint and employ such staff as it may require to meet its obligations under this Agreement, to enable the smooth running of the Hosted Unit and provide all necessary corporate services and corporate management support, to include human resources, estates, procurement, financial management services, information technology and management, and governance.

Any financial liabilities resulting from the employment of Hosted Unit staff (e.g. costs associated with redundancy, termination or breaches of employment, disputes and health and safety matters) will be met from the budget agreed for the Hosted Unit. In the event that the budget has insufficient funds to meet or cover the liability, Welsh Government will underwrite the financial liabilities of the Hosted Unit (cross refer to section 6.1).

### **(b) Scheme of Delegation**

To have in place such appropriate governance arrangements and Schemes of Delegation as may be necessary and required on the part of the Host Organisation to enable the Hosted Unit's role to be carried out.

The operating structure of the Hosted Unit brings its activities within the scope of NHS Wales Internal Audit and Welsh Government Internal Audit. Broadly, all hosting issues (as reflected in this Agreement) will be in scope for NHS Internal Audit. Policy issues, including the validation and approval of the Hosted Unit's work programme, budget, or other plans, will fall within Welsh Government Internal Audit's remit. Where audit need falls outside of those described above (e.g. performance issues), NHS and Welsh Government Internal Audit teams will jointly determine the audit approach. In all circumstances, both audit units should

have access to all relevant documentation and personnel in the Host Organisation to fulfil audit requirements.

The Host Organisation will ensure that relevant external audit arrangements are in place which give due regard to the functions of the Hosted Unit.

The Responsible Officer, or their delegated representative from within the Hosted Unit's Senior Leadership Team, will attend the Host Organisation's Board Committees in accordance with the Assurance Schedule at Appendix C, or as requested by the Committee, to provide assurance to the Committees that the Hosted Unit is complying with this Agreement and to highlight any areas of risk or non-compliance. The Responsible Officer, or their delegated representative from within the Hosted Unit's Senior Leadership Team, may be required to attend other Board Committees of the Host Organisation where appropriate.

Tenders, procurement contracts, service level agreements and terms of engagement that have been agreed by the Hosted Unit in accordance with their accountability arrangements, allocations and Scheme of Delegation, will be entered into and signed by the Host Organisation on behalf of the Hosted Unit in accordance with the Host Organisation's procurement policy and Standing Financial Instructions and Standing Orders including, where required, Welsh Government noting or approval.

The Host Organisation shall provide the Responsible Officer with drafts of all third party contracts and the Responsible Officer shall be entitled to require the Host Organisation to use its reasonable endeavours to negotiate such amendments to the terms of such contract as the Responsible Officer sees fit, subject to the requirements of the Public Contracts Regulations 2015 (as amended) and all applicable laws, Standing Orders and Standing Financial Instructions.

The Hosted Unit is responsible for its own register to collate, record and manage all such interests and will provide assurance to the Host Organisation in accordance with the Assurance Schedule at Appendix C.

### **(d) Management of Hosted Unit Staff**

The Responsible Officer will ensure all arrangements for additional funding, and the terms under which the funding is being provided, are discussed and agreed with the Host Organisation.

#### **7.4 Financial variances**

The Responsible Officer must ensure a break-even position each financial year and is responsible for informing the Director of Finance, HSCEY and the Host Organisation's named contact, at the earliest practicable stage, of any significant forecast variances and, in particular, risks that may result in the underwriting provisions described in section 7.5 below being required.

In the event that there is a predicted under or overspend against the budget for the Hosted Unit in any year, the parties to this Agreement shall consider:

Where the identified need cannot be met from within existing resources, a proposal, prepared by either the Host Organisation or the Hosted Unit, will be set out in a business case for consideration by the Senior Leadership Team which in turn will make a recommendation to the Chief Executive NHS Wales / Director General HSCEY. If the recommendation is agreed by the Chief Executive NHS Wales / Director General HSCEY, such services or facilities are to be funded in accordance with this section.

With the exception of the agreed levy to cover the hosting costs and any agreed costs arising from issues detailed in sections 7.1 and 7.3, no deductions will be made from the Hosted Unit's budget by the Host Organisation and the Host Organisation's Cost Improvement Programme savings targets will not be applied. Agreement shall include all the mandatory UK GDPR generic standard clauses in respect of data protection, including a Schedule of Data Processing Activities.

For the purposes of data protection and freedom of information, all data and information held by the Hosted Unit will be deemed to be held by the Host Organisation. As a result, any requests for information under relevant Laws will be processed according to the Host Organisation's procedures. However, the Responsible Officer will be informed as soon as possible of any relevant requests received and discussion will take place with the Responsible Officer before any of the Hosted Unit's information is released to a third party. The Responsible Officer shall adhere to all statutory timeframes in respect of any relevant request received. The Responsible Officer will be responsible for sharing relevant requests, and responses provided, with the Welsh Government named contact. The Responsible Officer will liaise regularly and as necessary with the nominated officer for the Host Organisation, to monitor the operation of this Agreement and resolve any practical issues that may emerge.

The frequency of formal review meetings will be twice per annum. The Chief Executive NHS Wales / Director General HSCEY, Accountable Officer, Responsible Officer and any other named contacts (section 5), and others as may be nominated, will meet formally at least twice a year (or more frequently at the request of either party) to undertake a mid-year and annual review of the respective discharge of responsibilities under the Agreement and issues relating to the Agreement.
