

1000 Lives Improvement - Capacity & Capability Team

The placement will offer the opportunity to gain an insight of working in our 1000 Lives Improvement Capacity and Capability team. Our teams aims are to increase quality improvement, and embed a culture of improvement nationwide. We recognise there needs to be national commitment to a coordinated approach.

We research and share local, national and international good practice to support continuous quality improvement across healthcare organisations in NHS Wales.

Specific programmes include:

- * Improving Quality Together
- * NHS Wales Awards
- * Person Centered Care
- * Local Improvement Hubs
- * Primary Care
- * Data Collection, Measurement & Analysis

Career opportunities Include:

Head of Capacity & Capability; Clinical Lead; Programme Lead; Service Improvement Manager; Project Support Officer; Improvement Analyst
