

# Betsi Cadwaladr University Local Public Health Team

The placement will offer an opportunity to gain an insight of working in a local public health team. The individual will be supported to gain an understanding of both the theoretical knowledge and the operational aspects of public health practice.

There will be an opportunity to learn about key health topics and to gain a better understanding of the variety of approaches to improve population health.

Individuals will have the opportunity to shadow experienced team staff to include Consultants, Principals, Seniors and Practitioners and administrative staff. This will be an office based placement and will include attendance at both internal and partnership meetings.
