## **Notes**

### **Aim of Programme**

Cervical Screening Wales is responsible for the NHS cervical screening programme provided to women resident within Wales. The aim of the cervical screening programme is to reduce the incidence of, and the morbidity and mortality from, cervical cancer within the eligible population.

### **Eligible Population**

Women aged 25-64 resident in Wales and not ceased for clinical reasons.

### **Coverage Target**

$\geq 70\%$  of eligible women who have had an adequate smear test within the last 5 years, as of the date of reporting.

### **Lower Layer Super Output Area (LSOA)**

Each LSOA meant to have comparable population

Minimum number of residents: 1000

Maximum number of residents: 3000

Number of LSOA's in Wales (2011 Census): 1909

### **'No data reportable'**

If number of eligible screening participants  $< 30$  the data was deemed not reportable.
