Antenatal Screening Wales (ASW)

E-learning Training Requirements by Staff Group

Author: ASW

Date: December 2020

Version: 1

Publication/ Distribution:

- ASW Quality and Clinical Governance Group
- Health boards

Review Date: 2 years

Purpose and Summary of Document:

This document lists the e-learning packages developed by ASW, what staff groups should complete them and recommendations on how often each resource should be undertaken

Work Plan reference:

1 Introduction

Antenatal Screening Wales has produced the following e-learning packages which can be accessed via my.esr.nhs.uk. For students or those without an ESR login they can also be accessed via Learning@Wales.

- **Down's syndrome, Edwards' syndrome and Patau's syndrome screening**

The Down's syndrome, Edwards' syndrome and Patau's syndrome screening e-learning module for midwives, sonographers, midwife sonographers and obstetricians is a training resource to support health professionals in the delivery of Down's syndrome, Edwards' syndrome and Patau's syndrome screening in the NHS in Wales.

- **First Trimester Screening Resource for Sonographers**

The First trimester screening resource for sonographers and midwife sonographers is a training resource to support health professionals in the delivery of Down's syndrome, Edward' syndrome and Patau's syndrome screening in the NHS in Wales.

- **18⁺⁰ to 20⁺⁶ Week Fetal Anomaly Ultrasound Scan**

The 18⁺⁰ to 20⁺⁶ week fetal anomaly ultrasound scan e-learning module for midwives, sonographers, midwife sonographers and obstetricians is a training resource to support health professionals in the delivery of the fetal anomaly ultrasound scan programme in the NHS in Wales.

- **Antenatal Screening Wales Fetal Cardiac e-learning module**

The Antenatal Screening Wales fetal cardiac e-learning module for sonographers and midwife sonographers is a training resource to support health professionals in the delivery of the fetal anomaly ultrasound scan programme in the NHS in Wales.

1.1 Reporting and Recording Training

All staff should have access to the Electronic Staff Records (ESR) system which details statutory and mandatory training undertaken. Staff completing e-learning should ensure that their training record has updated correctly.

2 Health professionals delivering the antenatal screening programme in Wales

E-learning package	Frequency	Course name on ESR	Approximate time takes to complete	Staff Group
Down's syndrome, Edwards' syndrome and Patau's syndrome screening	Every two years	000 NHS Wales – Down's Edwards and Patau's Syndromes Screening	90 minutes	Midwives Midwife sonographers Sonographers Obstetricians
First trimester screening resource for sonographers	Every year	000 NHS Wales – First Trimester Screening Resource for Sonographers	90 minutes	Sonographers Midwife sonographers
