

HYSBYSIAD I GLEIFION

Darllenwch yr hysbysiad yma yn llawn

Rhowch amser i ddarllen y cwestiynau canlynol:

1. Oes gennych chi unrhyw symptomau COVID-19 newydd? Gall y rhain gynnwys:

- Peswch newydd parhaus
- Colli synnwyr blasu a/neu arogl
- Tymheredd uchel

2. Ydych chi'n aros am ganlyniadau prawf COVID-19?

Os mai'r ateb i Gwestiwn 1 neu 2 yw oes/ydw, ewch i'r dderbynfa ar unwaith a rhoi gwylod iddynt. Wedyn rhaid i chi fynd adref a dilyn y canllawiau cenedlaethol ar gyfer profi ac ynysu. Nid yw hyn yn berthnasol os ydych chi wedi gorffen y cyfnod ynysu a argymhellir.

3. Ydych chi'n sâl heddiw mewn unrhyw ffordd?

4. Ydych chi wedi cael symptomau haint COVID-19 neu wedi profi'n bositif am COVID-19 yn ystod y 28 diwrnod diwethaf?

5. Ydych chi'n cael ymchwiliad neu oes gennych chi anabledd difrifol neu ydych chi wedi dirywio yn dilyn symptomau COVID-19 estynedig?

6. Ydych chi o dan 18 oed? Ydych chi o dan 30 oed?

7. Oes gennych chi unrhyw alergeddau?

8. Ydych chi wedi cael adwaith anaffylactig heb ei esbonio, neu anaffylacsis yn gysylltiedig â sawl meddyginaeth wahanol?

9. A gawsoch chi frech lympio yn cosi ar y croen (llosg danadl) ar ôl eich brechiad COVID-19 cyntaf?

10. Ydych chi wedi derbyn unrhyw frechiad yn ystod y 7 diwrnod diwethaf?

11. Oes gennych chi gyflwr neu ydych chi'n derbyn triniaeth sy'n effeithio'n ddifrifol ar eich system imiwnedd?

12. Ydych chi'n feichiog a **heb eto** gael trafodaeth gyda'ch bydwraig neu'ch meddyg i drafod manteision a risgiau derbyn brechlyn COVID-19 yn ystod beichiogrwydd? Allech chi fod yn feichiog? Ydych chi'n bwydo ar y fron?

13. Oes gennych chi anhwylder gwaedu neu a ydych chi'n cymryd unrhyw beth i deneuo'r gwaed?

14. A ydych wedi cael platennau isel ar ôl derbyn heparin gyda geuladau gwaed (HITT neu HIT math 2)?

15. A gawsoch ceulad gwaed difrifol (thrombosis) mewn gwythiennau neu rydweliau gyda phlatennau isel (thrombocytopenia) ar ôl eich dos cyntaf o'r brechlyn COVID-19

16. Ydych chi wedi cael thrombosis sinws gwythiennol yr ymennydd (ceulad gwaed yn y gwythiennau yn y pen)? Oes gennych chi APS (syndrom gwrthffosffolipid)?

Os mai'r ateb i unrhyw gwestiwn yw 'Ydw', mae'n bwysig eich bod yn dweud wrth y nyrs. Os nad ydych yn deall unrhyw rai o'r cwestiynau neu os oes gennych chi gwestiwn, plîs gofynnwch i'r nyrs. Bydd y nyrs yn dweud wrthych chi pa frechiad sy'n cael ei ddefnyddio a bydd yn ateb unrhyw gwestiynau sydd gennych chi.

Mae'n rhaid i chi barhau i ddilyn yr holl gyngor lleol neu gyngor y llywodraeth i ddiogelu'r rhai o'ch cwmpas chi, hyd yn oed ar ôl i chi dderbyn brechiad COVID-19. Mae hyn yn cynnwys cadw pellter cymdeithasol, gwisgo masg wyneb a hylendid dwylo.

Nodyn i'r staff: NID yw'r rhestr hon yn rhestr o wrtharwyddion, ei bwrrpas yw i dynnu sylw i unigolion sydd angen ystyriaeth agosach neu gyngor penodol. Mae brechlynnau AstraZeneca a Moderna wedi'u hawdurdodi o 18 mlynedd, dim ond i'r rhai sydd â risgiau clinigol o dan 30 mlynedd y dylid rhoi brechlyn AstraZeneca

PATIENT NOTICE

Read all of this notice

Take your time to read the following questions:

1. Do you have any new symptoms of COVID-19? These may include:
 - New continuous cough
 - Loss of taste and/or smell
 - A fever
2. Are you waiting for results from a COVID-19 test?

If the answer to Question 1 or 2 is yes please go immediately to reception and let them know. You must then go home and follow national guidelines for testing and isolation. This does not apply if you have finished the recommended period of isolation.

3. Are you unwell today in any way?
4. Have you had new symptoms of COVID-19 infection or tested positive for COVID-19 in the last 28 days?
5. Are you being investigated or do you have a serious disability or have you had a deterioration following prolonged COVID-19 symptoms?
6. Are you under 18? Are you under 30?
7. Do you have any allergies?
8. Have you ever had an anaphylactic reaction that is unexplained, or anaphylaxis to several different medicines?
9. Did you have a bumpy itchy skin rash (hives) after your first COVID-19 vaccine?
10. Have you received any vaccine in the last 7 days?
11. Do you have a condition or receive treatment that severely affects your immune system?
12. Are you pregnant and **not yet** had a discussion with your midwife or doctor to discuss the benefits and risks or receiving a COVID-19 vaccine in pregnancy? Could you be pregnant? Are you breastfeeding?
13. Do you have a bleeding disorder or are you taking any blood thinners?
14. Have you had low platelets after receiving heparin with blood clots (HITT or HIT type 2)?
15. Did you have a serious blood clot (thrombosis) in veins or arteries with low platelets (thrombocytopenia) after your first dose of COVID-19 vaccine?
16. Have you had a cerebral venous sinus thrombosis (blood clot in the veins in the head)?
Do you have APS (antiphospholipid syndrome)?

If the answer to any question is 'Yes' it's important you tell the nurse. If you don't understand any of the questions or have a question to ask please ask the nurse. The nurse will tell you which vaccine is being used and will answer any questions you may have.

You must still follow all local or government advice to protect those around you even after you have received a COVID-19 vaccine. This includes social distancing, wearing a face mask and hand hygiene.

Note to staff: This list is NOT a list of contraindications, it is to highlight individuals who need closer consideration or specific advice. AstraZeneca and Moderna vaccines are authorised from 18 years, AstraZeneca vaccine should only be given to those with clinical risks under 30 years.
