Dear All

Happy New Year!

Find attached the latest version of the IPC mobilisation guidance for final comment before publication – aim this week. When reviewing please could you take into consideration the 3 points below have been requested from Amrita.

1. To clarify with the four nations IPC whether the testing 48 hours prior to discharge policy is also applicable for all other nations. (Currently in the guidance its states “in England...”. If it is the case for all countries, we will need to re-word it and if not, then delete it?
2. Have re-worded some sections as discussed on the call [REDACTED] – **have highlighted these in yellow, please check to see if happy.**
3. A few minor comments in the document just need clarification – have flagged these comments and have deleted the previous ones.

Please could we have comments back to by close of play tomorrow (5<sup>th</sup> January) [nhseandnhsi.ipc-cell@nhs.net](mailto:nhseandnhsi.ipc-cell@nhs.net)

Best wishes
